PASSION FOAM

TRI FOAM POLISH

Product Description:

Passion Foam in yellow red or blue, is a premium foam formula that delivers an impressive foam show, easy rinsing and improved drying, shine and protection over.

Tri-foam polish works by employing a three-step process to cleanse, polish, and protect the car's surface. First, it utilises a cleansing foam to remove dirt and contaminants, prepping the surface for polishing. Next, a polishing foam is applied to enhance shine and eliminate imperfections, leaving a glossy finish. Finally, a protective foam is layered on to seal the polish, safeguarding the paintwork from environmental damage and maintaining the car's lustrous appearance.

Features/Benefits:

- Concentrated Formula
- High Foaming
- Stable in hard water
- Free Rinsing
- Excellent Protection of Clearcoat Finishes
- Marketing enhancer for clearcoat process promotions

Application:

Foam Brush Applications and triple Colour Foam Systems: Dilute 1:240 and apply through system. For best foaming results, inject air into the final applicator.

Hydrominder 511: Use pink tip (240:1) or a purple tip (120:1) in holding tank and pump directly into foamer. Automatics can vary from 366 to 256:1 .

Codes: Blue CK6907, Yellow CK6909, Red CK6980, White CK6981
