CHEMI-LU

Gelled & Non-Staining Portable Toilet Fluid

Product Description: CHEMI-LU is a non-formaldehyde gelled product designed as a toilet waste and odour neutraliser. It combines two highly effective, biodegradable bacteriostatic agents with a pleasant and enduring Bubble Gum /Tutti Frutti fragrance to deliver exceptional performance in waste control and freshness.

The formulation incorporates a specially selected, non-staining dye that provides effective visual masking of waste while minimising the risk of permanent discolouration to tanks, bowls, and fittings. This non-staining characteristic also makes incidental spillage or surface contact significantly easier to clean, reducing service time and maintaining a professional appearance.

- Building industry on site portable toilets.
- Marine, aviation, camping porta-loo's.
- Nursing home commodes.
- Underground mining portable toilets.
- Sanitary napkin disposable systems.
- CHEMI-LU does not contain formaldehyde.
- CHEMI-LU does not affect the waste treatment facility where final discharge of waste occurs.
- **CHEMI-LU has a unique fragrance that absorbs and masks offensive odours.**
- **CHEMI-LU is non-staining.**
- **Biodegradable and can be disposed of through the municipal sewerage treatment systems.**

Application: PortaLoo 75-200ml to 10 litres waste tank capacity depending on frequency of tank emptying & weather temperatures. **Coach & Aircraft** 20-100ml to 10L tank depending on waste load & discharge intervals. Seasonal changes may affect the recommended dilution rate.
