

Kleer

Alcohol Gel

Instant antibacterial hand sanitiser

Australian Made Since 1994

- **Contains 73% Alcohol**
- **Incorporates multiple skin conditioners & moisturisers**
- **Kills 99.9% of germs**
- **Formulated to improve alcohol contact time leaving hands sanitised, soft and replenished**

KLEER is an alcohol based "instant" hand sanitiser cleanser. It allows rapid and thorough water free sanitisation of the hands. KLEER has a product formulation that is suitable for use by staff in food processing areas, including meat export facilities.

- Sanitisers
- Refreshes with a mild citrus food essence
- Soothes with Moisturisers and Emollients
- Meets protocol for health care personnel hand wash.
- Helps to protect against health hazards related to exposure to body fluids, blood borne pathogens and other infectious materials.
